

MISSION STATEMENT

Redeeming neighborhoods, nations, and the next generation through discipling and empowering students.

CORE VALUES

1. We Value Students

We actually enjoy being around students! We foster environments where students want to hang out and can feel welcome. That opens the door to investing time with students, building natural friendships, and encouraging them in their relationship with Christ.

2. We want to set up parents for success

We believe that parents should be the primary teachers in a student's life; therefore, we want to be a resource and ally for parents and help in any way we can. Parents are always welcome and invited to any student ministry event, and we have parenting classes, counseling, and volunteer opportunities to interact with our students.

3. God still speaks

God is the great communicator, and His primary way of talking to people is through His Word, the Bible. We believe God has a plan for every student's life, and He actually wants to share it with us! We teach our students how to live their lives dependent on God's voice and how to discern His will for their lives.

4. Students need people they can trust

Students need a secure environment where they can find hope and healing in Jesus Christ. We ruthlessly protect the emotional and physical safety of students so every student can have a "safe place" to deal with any of life's hurts, habits, and hang-ups.

5. God wants to redeem the world and He has chosen us to do it

Church is about more than just getting our personal needs met. We believe true fulfillment is only found in partnering with God in meaningful work to serve others and show them His love, so students participate in local and international mission trips to take part on spreading God's kingdom.

6. Students are capable of leadership

As students grow in their relationship with God, we empower them as leaders. They are perfectly suited to make an impact on their peers. Being entrusted with leadership allows students to take ownership in their ministry. Empowered discipleship is the method Jesus gave to spread the Kingdom of God, and it is the key to success.
